Jennings, Ala., September, 21.—J. T. McQueen was shot and instantly killed in this town last night by Miller Riley. Riley surrendered himself to the authorities. He has the sympathy of the community.

The two men were employed at West brothers' turpentine factory and had been on friendly terms until recently, when Riley became suspicious that the relations between his wife and McQueen were not of the proper character.

He watched the couple secretly until he became convinced that his suspicions were well founded. Last night he surprised them in a compromising position, and, drawing a pistol fired at McQueen. The ball passed through his heart and he died instantly.

Train robbers removed the spikes and bolts from a section of the track near Topeka, Kan., yesterday, causing the wreck of an entire passenger train and the death of five persons. One million dollars en route to Mexico was the incentive.

Some Explanation.

For daring to oppose F. G. Newlands for Congress, and stand up for a straight Republican ticket, the V. & T. vote went solid against the Tribune editor and encompassed his defeat for the Republican nomination for Assemblyman.—Tribune.

Its opposition to Newlands was not a matter of daring, for it never intended it to be serious. It long ago expected to be "silenced."

Friday for Reno.

A paper will be circulated in this city asking all business houses to close up on Friday that all Carson may attend the State Fair.

STEWART AT CANDELARIA.

How Silver Champions are Received Out There.

The Chloride Belt, which a few weeks ago was a gold bug organ, has come bodily into the silver camp. It had to as Candelaria is solid for the white metal. Here is its opening account of how Stewart was received there on Monday last.

Last Monday afternoon Chairman Holland of the Silver County Central Committee, received a dispatch informing him that Senator Stewart would arrive on the train due here at 8:45 P. M.

Mr. Holland, after consulting with prominent local silver men, decided to call a meeting in Candelaria Hall. Mounted couriers were sent out into the hills to notify the miners and by 7 o'clock, although the news of the Senator's intended visit did not reach here until 5 o'clock, every road and trail leading into town was lined with hardy miners, who in their enthusiasm, forgot the weary toil of the day, and thought only of how they might honor the man who has made and will continue to make a gallant fight for free silver in the national halls of legislation.

In the meantime all was bustle and confusion down town. Huge heaps of combustibles were piled up in Main street and also on the side of Northern Belle hill. The starry banner of freedom was run up on the many flag-staffs, and nearly every business house in town was more or less decorated.

As the coaches containing the reception committee and the Senator and party turned into Callison Avenue a signal gun was fired. In a moment the bonfires were lighted. Rockets and roman candles shot through the air, while guns, bombs and firecrackers made a din and confusion that was delightful to the Candelaria small boy, although the opposite effect was noticeable upon the faces of the mothers of the aforementioned.

Lord Fauntleroy.

Georgie Woodthorpe, the cutest soubrette upon the stage, supported by a very strong Company will appear at the Opera House during Fair week producing in rapid succession the most successful dramas of the day. They are now playing at the State Fair in Reno and meeting with great success. The opening play will be "Little Lord Fauntleroy" with the sweet and winsome Georgie Cooper as the "Little Lord" as played by her with the original Madison Square Garden Company. A change of program will be given nightly and a Matinee on Saturday afternoon when little Georgie will play especially for the benefit of the children. It is seldom that Carson is visited by so large and excellent a Company and we hope that our Theatre goers will turn out in masses and give them a cordial welcome.

Right from the Start.

Every week some paper in Nevada has to change front to keep its subscription list from going to the dogs, or eat crow in order to keep on the same platform as its favorite candidate.

The APPEAL is keeping right along just as it began nearly a year ago. It opened the ball against the old parties, cut loose from them bodily, and advocated revolt in the West.

Every candidate and convention of any note has fallen in line with this movement, and this journal has not found it necessary to change its course a hair.

This comes from starting out right in the first place and keeping in the middle of the road.

District Court.

The District Court met at 10 o'clock yesterday morning.

Thos. Collins, indicted for house-breaking, was tried before a jury found guilty and sentenced to four years in the State Prison.

The sale of certain real estate in the Pray estate was confirmed.

In the matter of the estate of Frank Simpkins, deceased, the Public Administrator was empowered to take charge of the estate, which consists of a check of deposit for \$250.

If your watch is out of order in any way you can get it repaired at Golden's by skilled workmen from the best institutions in Europe. The work turned out in jewelry repairing is always finished in the best style and the assortment of goods has no equal anywhere in Nevada. j4tf

ALL SORTS.

Looks like a storm.

There will be some lively racing here next week.

Coffin also hit the ground Tuesday with a dull thud.

The boys are laying aside their surplus to buck the district races.

Meder's band rendered some nice music in the Capitol grounds last night.

The Fair managers are working like beavers to insure a good exhibit next week.

Vic Muller is now ready to serve his customers with juicy beef steaks and tender lamb.

Virginia sent a good delegation to Reno yesterday. Carson should do the same tomorrow.

Judge T. H. Wells and his law partner, J. W. Jameson, have purchased the Tehachei Tribune.

The practical joke on Joe Muller demonstrated that he would shoot when he fell in with road agents.

Dr. Lee extracted most all the poison from Joe Muller's face and in a few days he will be as good looking as ever.

Frank Bishop who sold liquor to an Indian in Reno has been sentenced to sixteen months in the State Prison.

Everybody, regardless of party, is glad to know that the President's wife is rapidly recovering from her sickness.

The experiment of having Douglas county politicians run at the Ormsby primaries received something of a set back on Tuesday.

The Tribune is anxious to know who will carry Stewart's sack this year. Whatever happens Tremmer Coffin will not be allowed another whack at it.

The Silver State got out a magnificent double page edition giving a complete account of the Silver Convention. It was great enterprise Bro. Nixon.

The iridescent dream of the News that the Sheriff's patronage would be all theirs when Hank Martin was elected, has gone the way of all visions now.

Harry Brown of the Bullion Bank won the quarter mile bicycle race in Reno yesterday. Time 36 1/2. Ray Richard of Carson won the boy's race. Time 34.

The bull headed course pursued by O. H. Gray in refusing to recognize the majority action of State Conventions, will be remembered by the silver voters two years from now.

The 61 votes Mr. Martin received in Carson will doubtless enable Geo. Thaxter and other political statisticians to arrive at a passably correct estimate of the Douglas county vote.

Some of Hank Martin's neighbors in Douglas are quite hurt that they were not invited to his primary in this city on the 20th. In the hurry of getting out the invitations a few had to be overlooked.

The g. o. p. took a hard fall out of the Tribune office Tuesday, by downing both Parkinson and Taylor. Miss Annie Martin of the News could easily have beaten them both had she "consented to run."

The anonymous letter writer is at his filthy tricks again. If any of his threats are carried out his own corpse may be in attendance. He probably is not aware that he is taking worse chances than his intended victim.

Benton's Liniment.

Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle.

Benton's Liniment for sale at all drug stores.

The People's Press.

The Pacific Coast official organ of the People's Party is for sale at Cagwin & Noteware's, who are agents for it. Subscription price \$1.50 per year, or seventy-five cents for six months.
